

# SAVOIR BEDS

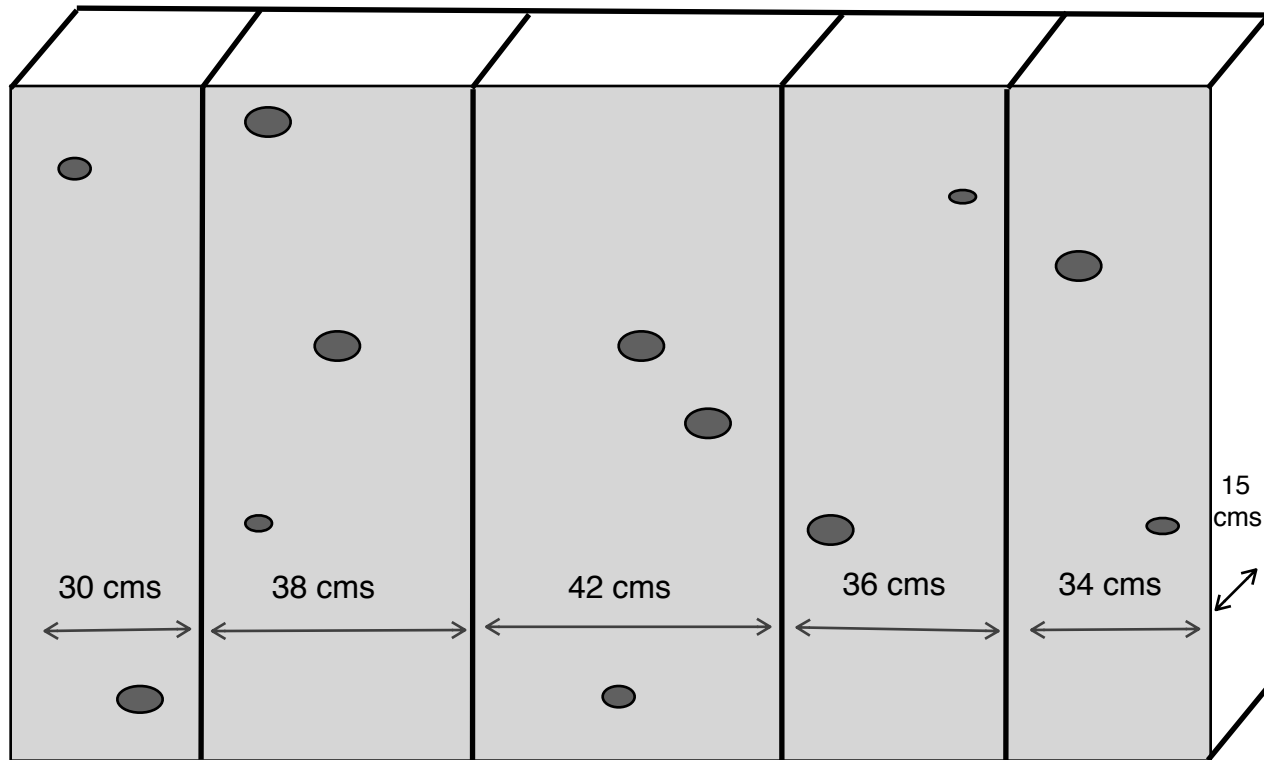

**Organic**  
In harmony with nature

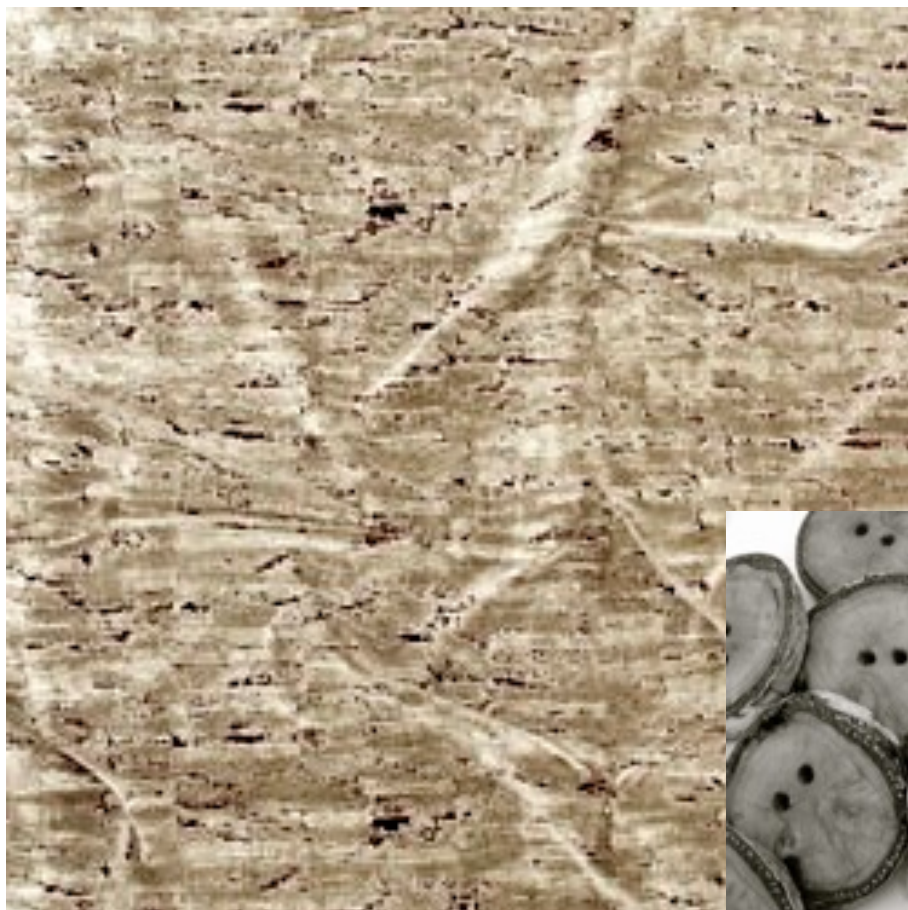

## Dimensions

5 individually upholstered panels and then secured together to represent five trees each with differing widths. Wooden buttons to be placed at random to represent the knots in the trunks.

The five panels to be secured to a base board which can then be attached to the bed.

Chosen for its resemblance to the bark of the birch tree. Luxurious upholstery material with an attractive vintage effect. The combination of plush viscose velour with chenille thread in the woven fabric gives a comfortable quality that begs to be touched.
