materials

material 1

a sensual, satin with seer-succker texture

used for main section of headboard; the sunflower petals

lelievre
smock genet
464-11

material 2

a high sheen satin, woven with a silk warp

used for hidden section of base, gathered strip and circular base for sunflower centre

lelievre
emotion-jaune
1628-03

material 3

a vibrant two tone chenille

used to cover the buttons that form the centre of the sunflower

lelievre
filao-soleil
446-01

these materials have been carefully selected to produce a design that reflects that warmth and dynamism of a sunflower

please refer to actual samples for true reflection of colour, texture and pattern detail
