

### ***'WAVE II' HEAD BOARD TOPPER LEVEL***

The design of this head board was originally inspired by a spiral curve found in nature, studied by great thinkers like Archimedes and Fibonacci. I chose the Water Element – a powerful wave – that would make a great statement and a feature in one's bedroom, creating sense of movement as well. The contrast of a dark blue of the 'wave' and off white piping would add even more drama to the design.

The depth of the board is 200 mm.

### ***FABRICS SUGGESTED***

The choice made is based on the composition of the material which is 100% natural.

#### **Main fabric:**

KA International

EGEO AZUL

MEDITERRANEO

Ref. 548907

Composition: 100% cotton

Width: 140 cm/ 55 in

#### **Fabric for piping:**

KA International

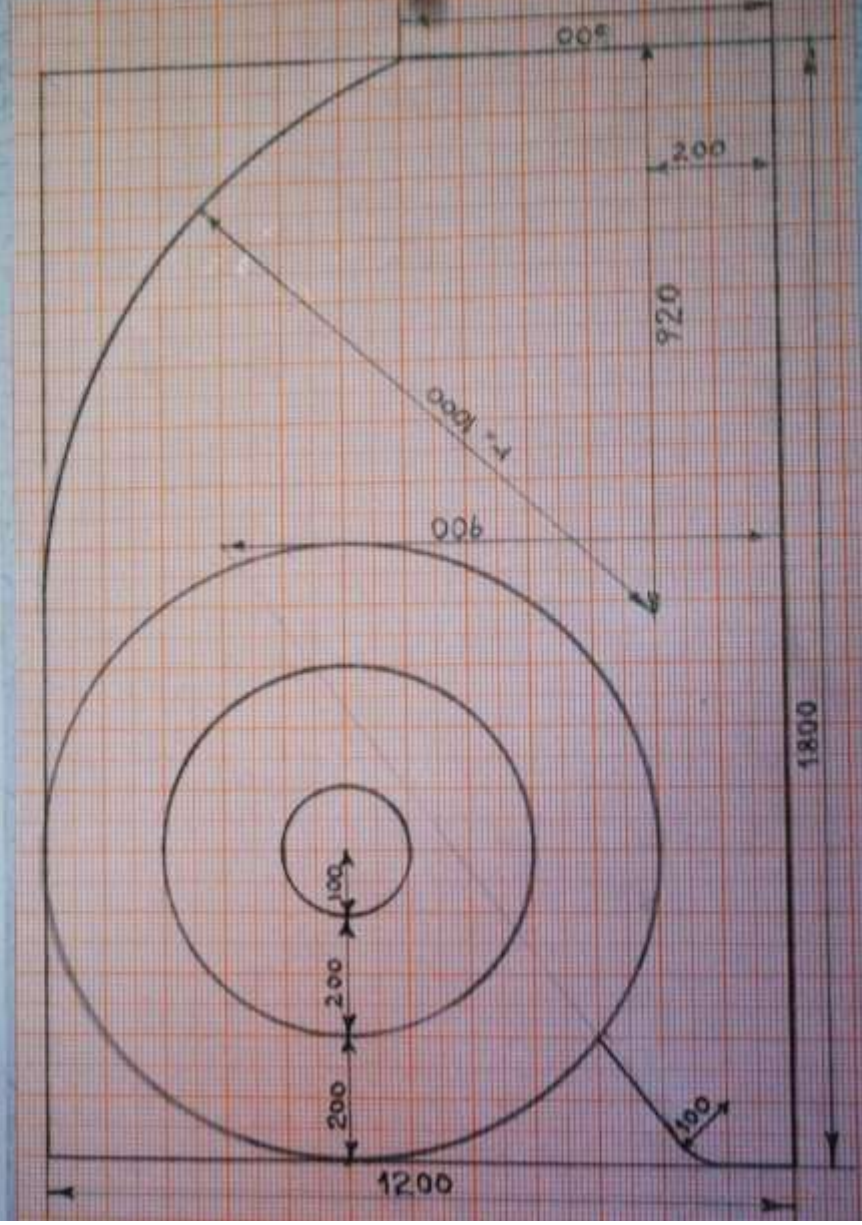

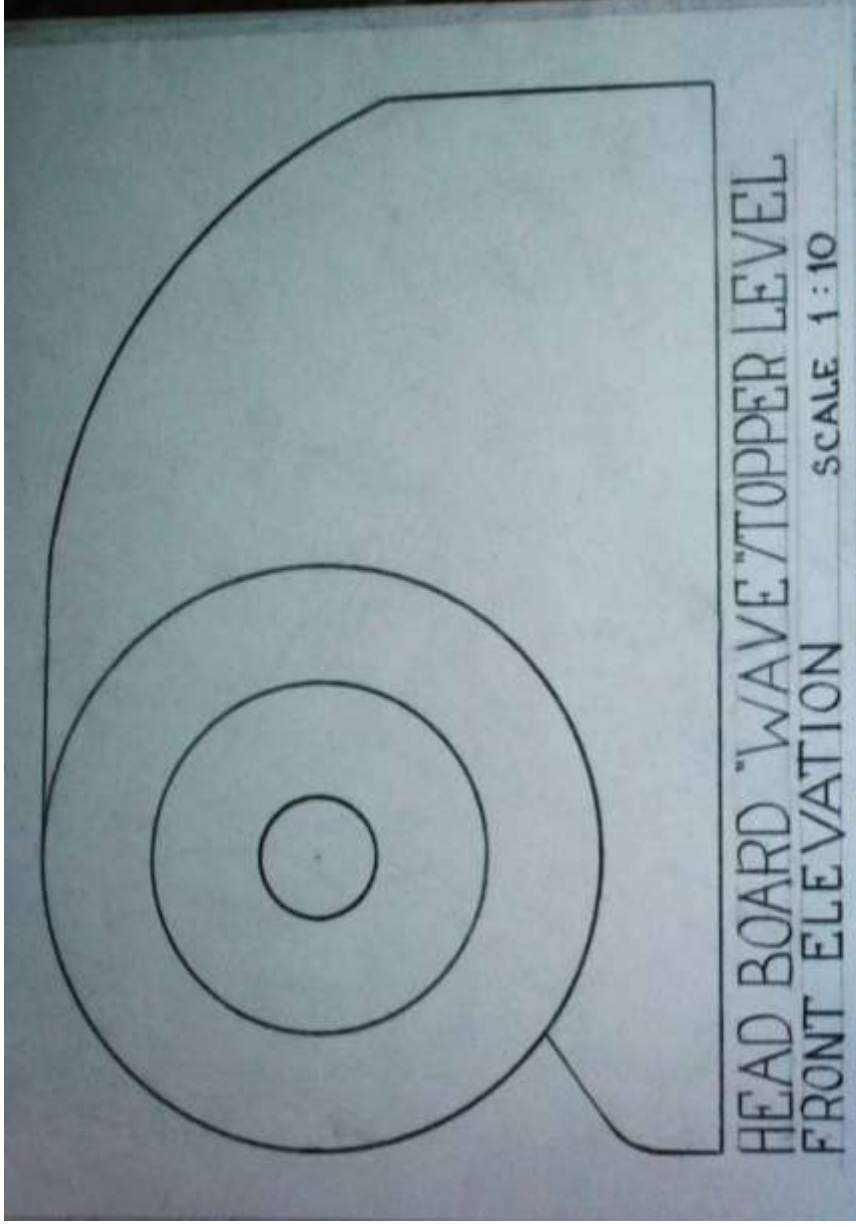

GRAFITO BLANCO

MINERALES

Ref.548959

Composition: 52% cotton,48% linen

Width: 140 cm/ 55 in

SCALE 1:10

HEAD BOARD "WAVE" / TOPPER
